

Tech Stacks

This project was built using

Laravel v11.44.0 (PHP v8.4.5)

—— tailwindcss@4.0.15

Web Control Panel v2.1

Simple, sharp, and fast. Keeps everything running clean and smooth, giving you clear control and locked-down access for effortless management. With `<?php>`, `<?>`, `<?>`, `<?>`.

SLAVUSworks

A solid community circle that stays grindin' in hardware, software, coding, and engineering, serving up innovative, trustworthy tech for the people and the businesses.
